

Syrrious[®] by Shermann

SR8m

The **SR8m** is a compact, very low-profile stage wedge with an efficient **8"** bass/mid driver and a high quality **1"** compression driver mounted on a CD horn.

It serves as a premium quality, easily transported stage wedge for conference, worship bands, theatre, AV, club foldback systems and touring sound applications.

SR8m wedges may be operated as a full-range, general purpose FOH PA unit when used with Syrrious bass cabinets.

Connecting pins	1+ 1-
Flying brackets (option) *	(Please call)
Handles	Steel Flip type
Foam front / Welded grille	Standard fitting

Please note

We would like to draw your attention to the likelihood of hearing damage from prolonged exposure to high sound pressure levels. Care should be taken when using cabinets in close proximity to the audience, musicians or artists. For further information on the safe operation of any Syrrious or SHERMANN Audio product please fax, call or email us - contact details are shown below.

* Options must be requested at time of ordering.
